

PLOUGHS

MOULDBOARD PLOUGH

Extremely Robust

Adjustable Spacing

Rugged Construction

The Mouldboard Plough has a ruggedly constructed frame of 150 x 100 x 10mm boxed angle iron. By loosening two bolts on the main frame the cutting width can be adjusted from 450 - 500mm. The mouldboard series is available in three sizes: 3-, 4- and 5-furrow. The mouldboard comes standard in a 3-furrow with a 4- and 5-furrow extension. A 10mm shear bolt protects the plough bottoms.
