

RIPPERS

PIPE RIPPER

Pipe Ripper

Extremely Robust

Three-point Linkage

The Pipe Rippers allows the operator to lay pipes under the ground to depths of up to 400mm with ease. No excavations are required. This implement is easy to use and ideally should be used for laying HDPE pipe and electrical cables.

STOCK CODE	PP620 / 1P
TYPE	1-ROW PIPE RIPPER
PIPE THICKNESS	25 - 75mm
REQUIRED POWER	35kW
WIDTH	800mm
WORKING DEPTH	200 - 400mm
TINE LENGTH	720mm
TOTAL WEIGHT	125kg
