

HAMMER MILLS

SUPER 36 HAMMER MILL

Super Value

Quick Maintenance

Maximum Efficiency

The Super 36 Hammer Mill has a high capacity output due to the large intake into the milling chamber and comes equipped with 18 hammers, 3 blower blades and 3 knives. This combination allows for desired fast and quick maintenance. The Super 36 can accommodate sieves from 1.6mm - 42mm and is efficient from mill to grain. The capacity of the Super 36 with a 6mm sieve milling maize is 3 tons per hour.

STOCK CODE	A036A01
NUMBER OF HAMMERS	18
NUMBER OF BLADES	3
NUMBER OF KNIVES	3
MAXIMUM RPM	2 000rpm
TRACTOR DRIVEN	35 - 45kW
